- 1.) As a field user/user group would you support a policy that would help provide better fields even if it impacted your program?
- 2.) Would you support limitations on the amount of playing time spent on athletic fields if it resulted in a better playing surface?
- 3.) Would you support seasonal priority programs for sports similar to other jurisdictions? ie: Football-Fall, Soccer –Spring, Baseball-Summer, Track and Field -Spring, etc.
4. ) What are the top three concerns you have related to athletic fields in the City of Alexandria? ie: Condition, lighting, travel time to the field, amount of play etc.
  - 1.
  - 2.
  - 3.

- 5.) Would you support an additional fee for field use by non-resident teams and players? 6.) Would you support fee for field use by resident teams and players if the fee went directly to field maintenance?
- 7.) If you were part of a user group, would you support the department's efforts in closing down fields for maintenance, even if this might impact your ability to play the same number of games played the prior season?
- 8.) Would you support natural turf game fields without practice times in order to provide optimal playing conditions?
- 9.) What are the top five fields that would be best for synthetic turf overlay?
- 1.
  - 2.
  - 3.
  - 4.
  - 5.
- 10.) Please add additional comments you want to share.
